BBC CHILDREN IN NEED SMALL GRANTS

AIM: To make a positive change to the lives of disadvantaged children and young people across the UK.

ELIGIBILITY: They fund not-for-profit organisations who work with disadvantaged children and young people 18 years. BBC Children in Need wants to fund stable, well-managed and effective organisations.

BBC Children in Need can only fund projects that focus on the differences made (outcomes) to the lives of disadvantaged children and young people. For this reason, when applying for a grant you must provide clear evidence that disadvantaged children and young people will:

- ◆ Be the primary beneficiaries of the project; and
- ◆ Experience positive changes in their lives from the activities or services you are providing

GRANT SIZE: £10,000 or less per year. Funding can be awarded for between one and three years, depending on the nature of the request.

DEADLINE: 15 April, 15 July and 15 October.

APPLICATION PROCESS: BBC Children in Need has a fully online application system

CONTACT: For support with completing your application please [email pudsey@bbc.co.uk](mailto:pudsey@bbc.co.uk) or call our Helpdesk on 020 8576 7788. http://www.bbc.co.uk/pudsey/grants/guidelines_smallgrant.shtml

Awards for All Update

Since 1st April 2009 when changes were made to the programme there have been fewer bids and fewer grants (The figures in brackets show a comparison with 1st April - 30 November 2008).

- ◆ there have been 667 applications (1,137)
- ◆ the total amount requested has been £5,098,831 (£9,261,445)
- ◆ there have been 262 conditional offers
- ◆ there have been 199 awards (512)
- ◆ the amount awarded has been £1,571,065 (£3,850,439)
- ◆ Seventy-six per cent of conditional offers have gone on to receive an award.

The main reasons for this downward trend are thought to be:

- ◆ the need to meet at least one of four programme outcomes
- ◆ most sports, arts and heritage projects are not eligible because their main purpose does not meet an Awards for All programme outcome
- ◆ possible lack of interest
- ◆ competition from other small funders like Grassroots Grants

The top five reasons for rejection are:

- not meeting programme outcomes
- applications for funding outside the programme remit e.g. salaries
- not enough evidence of need
- ineligible group
- planning and management concerns

Lloyds TSB Foundation

Santander Foundation

The Santander Foundation brings together the charitable donations formerly made in the UK by Abbey, Alliance & Leicester and Bradford & Bingley savings business.

PRIORITIES: All its funding must directly help disadvantaged people through one or both of these charitable priorities:

- ♦ Education and training - This does not have to be formal training or lead to a qualification. It could be any activity disadvantaged people undertake where they improve their confidence in a skill or their understanding of a subject eg independent living skills, anger management, improving self-esteem, reminiscence projects for older people, art and craft sessions as well as IT classes.
- ♦ Financial capability - This covers activities that help disadvantaged people understand how to manage their money. It could include budgeting skills, accessing affordable credit as well as managing the challenges that arise from being a carer, unemployment, disability or relationship break-up.

All funding is for one-off donations. Grants are available to buy tangible items such as equipment or training materials. Grants are also available to fund project costs such as sessional worker fees, salaries, room hire or other costs.

ELIGIBILITY: The foundation can make donations only to organisations with charitable status for their work within the UK. This includes registered charities, Friendly Societies, Industrial & Provident Societies registered under charitable not membership rules (an exception to this are credit unions – which can be funded).

GRANT SIZE: Grants of up to £30,000 are available in areas where Santander has a significant presence.

There are three main differences between the Santander Foundation and the Abbey Charitable Trust, which it replaces:

- ♦ Cross-community regeneration can no longer be funded.
- ♦ The maximum grant for groups has gone up from £20,000 to £30,000
- ♦ Funding does not have to be for capital items only - groups can bid for capital or revenue funding or a mixture of the two.

As well as responding directly to applications made by charities, the Foundation also supports fundraising undertaken by Santander staff and pensioners in the UK through a staff matched donation scheme. Staff can fundraise for as many UK registered charities as they want, which is matched up to £700 for each individual or up to £3,500 for teams of four or more.

Community Chest scheme

Santander has launched a new charity scheme to celebrate the rebrand of Abbey and Bradford & Bingley to Santander, which will see £250,000 donated to local charities.

The bank is asking its UK customers to decide which charity is to benefit in their local area.

The Community Chest scheme is being rolled out in all Santander branches, with each branch being allocated some of the quarter of a million pounds to be distributed to local good causes.

The scheme will allow customers to support local charities by voting every time they visit their branch.

The aim is to strengthen relationships in the communities in which Santander branches are located and help to raise the profile of charitable organisations making a difference in their area.

How the Community Chest Works - Every branch has nominated three local causes and customers visiting their branch from **11 January until 26 February 2010** will be invited to vote for their favourite.

The winning charities will receive a share of the Community Chest.

This will pave the way for a renewed focus on volunteering projects in the NHS and social care by managing the grants system centrally. It replaces the Opportunities for Volunteering (OFV) scheme which has been running since 1982.

The scheme will be managed by a partnership including leading national third sector bodies, Attend, Community Service Volunteers (CSV) and Prime Timers working with ECOTEC.

PRIORITIES: The Health and Social Care Volunteering Fund will provide two distinct grant funding schemes:
